2 B Natural by Design provides 36 hours of tutoring by Ohio Department of Education Qualified tutors. Our goal is to see each child succeed. We use the Diagnostic Assessment pre and post test, Achieve. After pre-testing, with input from parent and student, we design individual plans to help improve each student's Ohio Achievement or Graduation test scores. Our curriculum is aligned to state standards. Monthly progress reports are given to parents and the school, including the post test, which helps in determining our effectiveness. Abacus In-Home Tutoring, Inc. delivers the individualized instruction students need to meet their academic goals in reading and mathematics. Abacus specializes in working with all students in Kindergarten through twelfth grade, including students with disabilities and English language learners. For our in-home program, tutors travel directly to the student's home at times convenient to families. For our small group program (no more than 5 students per instructor), tutoring sessions are provided directly after school hours at safe and convenient public locations that are easily accessible by public transportation. Parents of students enrolled in the Abacus program are encouraged to be involved in their student's program and are fully informed of their student's progress toward goals on a regular basis while monthly written progress reports are provided to parents. Tutorial sessions usually take place 1 to 3 times per week, with each session lasting between 1 and 3 hours. On average, the Abacus program provides between 8-15 weeks of instruction. Students who complete the Abacus program show an average of a year's worth of growth!

Hourly Tutoring Rate: \$50/Hr

Transportation Provided: NO

Special Qualifications:

Service Summary:

Virtual tutoring (distance learning) over the Internet is how your child will improve their academic performance at our company. Acadamia.net, Inc. has been successfully tutoring students in Ohio since 2002. Subjects consist of Math and Language Arts (Reading and Writing) for grades K-12.

Acadamia utilizes a diagnostic-prescriptive instructional approach to pinpoint student's strengths and weakness and tailor instruction to their needs. Based on information provided on from the school administrators and from you the parent(s) we begin the program with an initial assessment in the appropriate level of Language Arts and Mathematics. This is followed by generation of a customized curriculum that is based on the student's area of weakness. The students progress at their own pace and demonstrate mastery of a particular skill with an end result of at least 70% accuracy before moving on to the next level or subject.

Special Qualifications:

Service Summary:

B.E.T.C. offers one of the most dynamic instructional models in the educational market. We individualize student instruction and provide self-paced learning environments. Each student will be given a reading and math assessment utilizing the LeapFrog SchoolHouse LeapTrack 4.0 System and complete a learning styles survey. Utilizing LeapTrack 4.0 will perform an assessment based on the State of Ohio academic standards. After completing the assessment, the software will generate a learning path specific to each student's academic needs.

The Learning Styles Analysis will be administered to determine what the learning style of the students are, determine what is the best learning environment for each student, and what time of day is best for learning. This information will be utilized for scheduling, setting up learning environments, creating differentiated instruction, and for communicating with educators and parents.

Service Summary:

The ExamExperts program is fun and exciting! To increase student achievement, we utilize high quality, research-based programs from Scholastic and Houghton-Mifflin Skills Tutor curriculum. We conduct assessments to assess and diagnose student needs and skill gaps, then incorporate daily practice exercises in English, Reading, and Mathematics to close knowledge gaps and increase student's grades and test scores. We reward effort and high achievement!

ExamExperts programs are designed to help a wide-range of students who are performing below grade-level expectations in reading, math, and other language arts subjects, and takes into consideration the accommodations for students with IEP's for specific learning disabilities. Students with special needs will be given additional accommodations in alignment with Ohio Academic Content Standards. Enroll Today!!

Hourly Tutoring Rate: \$55.00

Transportation Provided: YES

Special Qualifications: If Needed

Service Summary:

The GBS services include the student taking an initial pre-test through our New innovative(DOMA=diagnostic Online Math assessment/DORA)assessments based on the grading period they begin the program. Once the student takes the Pre-test assessment the system immediately grades the assessment and creates an individual learning plan for each individual student, based on their deficiencies. Each session, the student will spend one hour on the computer system working and learning activities based on their individual learning plan. These computer based activities are engaging at the appropriate grade level and gives the students an alternative way of learning the material, while allowing the student to work at their own pace and at an appropriate grade level. The GBS system will create the student's learning plan and provide remediation two grade levels down, or enrichment at two grade levels above. The students will then spend one hour on off-line activities with traditional paper and pencil working.

Fax: 740-919-4177

Hourly Tutoring Rate: \$60

Transportation Provided: NO

Special Qualifications:

Service Summary:

Our program utilizes a variety of strategies proven to increase math and reading success rates. We build on conceptual thinking while using hands-on manipulatives with a "back to the basics" approach. Our tutors help students to build on their strengths while intervening on their weaknesses. We truly believe in: classroom teacher + tutor+parent= student success!!

Our programs' instructors, who are all highly trained, use a variety of hands-on approaches to teaching math using manipulatives and multiple strategies of problem solving. Students will be given numerous methods of computation and developing short-answer and extended responses. If you choose reading: each student's reading skills will be evaluated. Whether it be sight words or phonics in elementary grades or context clues and comprehension in the higher grades, your student will acquire skills and strategies needed to be confident in reading both fiction and non-fiction.

Our program is also geared to the "busy" family with a tutoring schedule to accommodate students with extra-curricular activities.

Service Summary:

Students receive pre- assessment test to determine their learning needs and an individual learning plan. Our learning materials align with Ohio's Academic Content and Standards. Your student progresses to a higher skill level after mastery of each skill. We collaborate with you, your child, and teacher to insure progress. Progress Reports are provided to families weekly or monthly. Teachers are polite and respect student and families. Our teachers have PhD's, Masters, Bachelors, Associates Degrees, and a minimum of two years college. Staff must pass nationwide criminal background checks. Our program offers more than tutoring. We have offered computers (where allowed), role model/speakers, and fun eating events for students and families. Students eat filling meals before or after each session where permitted. We received a very effective rating from students, parents, and school districts. After contracted hours are complete, we offer additional tutoring Saturdays at our offices until June. This can add up to 40 more additional tutoring hours. Students get this help at no cost!
Thank you for the opportunity to help meet your child's academic needs.

Kanmas Educational Support Center, Inc.

Kanmas Educational Support Center, Inc. (KANMAS) is a State approved Supplemental Educational Services (SES) provider dedicated to providing the best outcome-oriented standard-based Educational support services to enrich reading, math and science learning experiences of K-12 students and to adequately prepare them for post-secondary education. We guarantee excellence and over 80% proficiency in Reading and Math.

Students' initial needs are assessed using Math and Reading Brain Child Learning System, which is administered at the beginning of the tutoring term to provide an estimate of each student's competency level. Then this result is used to prepare individual customized learning plan to guide instruction for each student's tutoring need in the content area.

Service Summary:

Mr. K's Math Enrichment College Consortium is a consortium, in our fifth year of University Math Educators associated with the Antioch McGregor University, University of Cincinnati Adjunct Faculty Association, Xavier University et.al. Our teachers are almost exclusively educators of teachers themselves. We work individually and in very small groups with manipulative materials, informed by Montessori philosophy in a effort to make math engaging. We have unparalleled reviews (highest in the District) from parents. We provide students with healthy foods, math enrichment materials for their homes, and school supplies. We also provide transportation.

Special Qualifications:

We specialize in struggling and at-risk readers. Orton-Gillingham based strategies incorporated in all activities. All tutors are required to have at least a Bachelors Degree and/or Teacher Licensor.

Service Summary:

Nia Educational provides tutoring in the areas of Reading, Phonics, Math, Spelling, Vocabulary, Language Arts and Critical Thinking. Upon beginning the program students are given a diagnostic test to determine their strengths and weaknesses. Based upon the results of the diagnostic test as well as feedback from parents and teachers, an academic plan is created to address the identified weaknesses. Our tutors use a variety of hands-on and multisensory instructional strategies to address the needs of each child. While in the program, tutors will meet regularly with parents and teachers to discuss the progress of the student. Tutoring session times and days are based around the scheduling needs of the parent and child. Parents can choose to have services provided in their homes, school, local library, local recreation center or our learning center located at 2722 Woodburn Ave in East Walnut Hills. Transportation is provided if requested.

Online/Web-Based:

Other:

Hourly Tutoring Rate: 61.65

Transportation Provided: YES

Special Qualifications:

Service Summary:

The Mallory Center's Supplemental Educational Services Program provides students from kindergarten through grade 12 with experienced instructors who deliver instruction in literacy, mathematics and test preparation for the OAT/Graduation test. In last years program students increased their test scores by 85% letting us know that our program is effective. Sessions are held twice a week for 90 minutes per session at a library or community center and scheduled to take place either after school or on Weekends. Group size is small allowing instructors to evaluate each student's strengths and weaknesses in order customize instruction to the student's learning style. Individual learning plans are developed based on pre-testing done at the student's school. Towards the end of the program, students will take a post exam that will allow student growth to be measured. Throughout the program, parents can expect on-going communication in addition to receiving periodic progress reports. At the Mallory Center the education of your children is out highest priority.

Special Qualifications:

Service Summary:

Tutorial Services is a company that offers a web-based solution, the program we use is called CompassLearning. We will provide you with everything necessary to access our program. Our program, in Reading/Language Arts and Mathematics, operates 24/7 and your student can access their work at anytime. Our qualified tutors will monitor your student's work and report to you every two (2) weeks on their progress. In order to properly assess your student they will need to take the CompassLearning pretest and posttest. We align each child's activities to these tests. CompassLearning even has a CRCT tool where we can input your child's CRCT score and a corrective learning path will develop for your child. We feel that each child has a different way of learning and some need more help than others, therefore, we offer the program free of charge all the way through August of the following year. As the 21st century moves forward, computers play a huge role in your child's education. We provide your child the tools necessary to be successful in tomorrow's world. Our slogan, "Making a Difference, One Student at a Time", is our promise to your child and you.

Service Summary:

Tutoring In Your Home, LLC has served Ohio students tutoring all subjects Kindergarten - College since 2004. We interview each parent to make sure we select the best tutor for their child, and send our tutors directly to the family's home, a local library, community center, or school. After an average of 25 hours tutoring in 2009-2010, our students made on average 17.5% improvement on their math and reading scores. Some students even made over 50% improvement! In 2008-2009 TIYH earned 4 perfect scores out of the 22 Ohio districts we served. We anticipate even higher effectiveness scores for our work in the 2009-2010 school year based on assessment and survey data, and after having more than doubled the number of Ohio students served in '08-'09. 99.4% of parents surveyed last year thought we picked the right tutor for their child!

Special Qualifications: Yes

Service Summary:

Weiss Network Technologies focuses on tutoring, technology training, and educating school aged children. Every student will be assigned a username and a password to access our online web-based called Study Island. The system will allow each student to customize his/her lesson and it will generate different report for each student, accordingly. Before the students begin the program, he/she will take pre-assessment test with the purpose of identifying students' areas of relative strength and weakness in subject areas, after the completion of the test, The system will immediately assess the results and automatically generate the most suitable material or study guide for the student. There will be progress report sent out to parents every month and the end of the program students will take post test to see knowledge gain.

Special Qualifications: Overseen by a former principal and experienced certified teachers, our instructors are trained and certified to deliver quality services aligned with Ohio academic standards. More importantly, our instructors CARE about each student. The YMCA of Greater Cincinnati has a proven track record of increasing student test scores through individual and small group tutoring, as well as monitoring academic-content standards based activities. Staff receive significant training throughout their tenure to continually sharpen their skills.

Service Summary:

YMCA Tutoring offers youth the opportunity to improve their Math and Reading, and connect to daily enrichment activities during CincyAfterSchool. Beyond our school-based settings, we also accommodate students who prefer to meet with tutors at their local library, church, YMCA, and even over the Internet. Parents choose how best we can serve their child's needs. Our tutoring coordinators ensure that each student's academic needs are met by connecting with teachers and building a personal plan for each student.
