

PREPARING STUDENTS
FOR LIFE

Dear CPS Families,

This summer, Cincinnati Public Schools is partnering with Just Right Reader to provide our ELL (English Language Learner) families with Decodable Books based on the Science of Reading. Just Right Reader's decodables were developed by a team of reading experts to inspire students, support teachers and empower caregivers to participate in student reading.

It is my hope that these books will inspire our young readers to continue reading and learning throughout the summer, and come back to school in August excited to move their reading skills to the next level.

The Just Right Reader decodable book packs:

- ★ Follow the Science of Reading research and a rigorous phonics scope and sequence
- ★ Support literacy development with QR coded phonics lessons on each decodable offered in English and Spanish
- ★ Engage students to read with characters and stories representative of students in all of America's schools

The books are durable, relevant and have fun illustrations that our students will love. If you commit to just 30 minutes a day to helping your student read using the Just Right Reader decodables, you will set your student up for great success this fall.

Happy reading!

Iranetta Rayborn Wright
