

Room 1001's Supply List ~ 2022-2023

Please don't send in anything fancy like multi-colored erasers, erasers on the colored pencils, etc. They tend to be coveted/hoarded and can stir up trouble with some children. Keep all pencil boxes, folders at home. I will provide those for you.

1. One box of **yellow Ticonderoga wood pencils**. We request a special brand because we have had to throw pencils away in past years due to broken lead, lead not placed evenly within the pencil, wood shatters, etc.)
2. Four large block **erasers**. Pink or white is fine.
3. Four large **glue sticks**. We are requesting either the "Extreme glue sticks" or "Scotch" brand. If you can't find them you can also send in a few dollars and I will purchase them for you. The other brands just don't work
4. **Prismacolor colored pencils**. I realize these are more expensive. They rarely break in our sharpener. Stay away from the "verithin" prismacolors. They break too easily. We can always use extra reds, golds and silvers. We can use the Crayola brand in a pinch. If you cannot find either please do not purchase other brands.
5. 😊 Four black and white **composition notebooks**. You may write your name on the front of these. Some students like to get them in the following colors : red, blue, green and either yellow or regular black.
6. Two boxes of **tissues**.
7. Two canisters of **wipes**. (Clorox brand if you can find them.)
8. One pack of **colored card stock**
9. 😊 One **backpack** large enough to hold regular sized folders

First Level only: 1 pair of safety scissors (If you can find left handed scissors we can use them!)

Second Level only: White index cards (no lines please), pack of small ziplock bags

Third Level only: one ream of colored copy paper

😊 Only put names on items with this smiley face next to them. The rest are community supplies.

We make sure your child always has supplies available for them to use at all times.
