TO PARENT(S)/GUARDIAN(S) OF INCOMING 7th & 8th GRADE STUDENTS

IMPORTANT INFORMATION ON SPORTS ELIGIBILITY

Students entering Grade 7 or 8 in the Cincinnati Public Schools should be aware of the following requirements in order to be eligible to participate in athletics. These are requirements of the Cincinnati Public Schools and cannot be waived. Parent(s) or guardian(s) should make sure that they are aware of these rules. Please call the District Athletic Office if you have any questions.

Each student in Grades 7 or 8 who wishes to participate in a sport must have the proper forms on file prior to being allowed to participate in any athletic programs offered by the Cincinnati Public Schools. These forms consist of:

1. Physical Examination Form: All 7th and 8th grade students are required to submit an annual pre-participation physical examination form. Physicals are valid for one year from the date it is given.

2. Parental Release of Liability/Assumption of Risk Waiver: This form signed by both the student and his/her parent/guardian and must be on file for each team member.

3. Ohio Department of Health's Concussion Information Form: Parents and athletes have to read, sign and submit the Ohio Department of Health's Concussion Information Form prior to the start of each season.

4. Ohio Department of Health's Sudden Cardiac Arrest Information Form: Parents and athletes have to read, sign and submit the Ohio Department of Health's Sudden Cardiac Arrest Information Form prior to the start of each season.

5. Cincinnati Public Schools COVID-19 Returning to Athletics Waiver: Parents and athletes must read and sign the waiver prior to participating in any school-sponsored athletic gathering, skills training or practice sessions.

*NOTE: Items may be subject to change this school year due to the pandemic. Any changes will be communicated on our CPS website and through School Athletic Directors.

These forms are available from your coach, from the office at your school or online at www.cps-k12.org under School - Athletics. Make sure that you have this information completed prior to the start of practice.

Note: The school district has purchased insurance coverage for those who participate in our athletic programs. Medical expenses for accidental bodily injuries incurred during our supervised school athletic programs are considered. The insurance policy does not cover illnesses or conditions unrelated to an accidental injury. Our coverage is "excess only" coverage meaning that benefits are paid only after any insurance carried by the family has reached its maximum levels. If no medical insurance is currently available for your family, our policy will consider medical bills up to the limits of the policy.

Academic Eligibility Policy: All student-athletes will be deemed academically eligible for all sports for the first academic quarter in the 2020-21 school year.

For all student-athletes participating in athletics during the 2nd, 3rd & 4th quarter of the 2020-21 school year:

To be eligible throughout the rest of the 7th grade year and as an 8th grader, students must be currently enrolled in school and receive a passing grade in at least four of those subjects in which the student received grades during the immediately preceding grading period. Note: There is no provision for academic probation for students who do not meet the minimum requirements for academic eligibility during their 7th & 8th grade years. Student eligibility will be established for each of the four quarterly grading periods during the school year. Note: Summer school grades cannot be used to determine eligibility. Please contact your coach or school Principal for more information.

Age Limitations: Students who turn 15 years of age or older prior to August 1, 2020 are **ineligible** for the 2020-21 school year in Grades 7 & 8. They may, however, participate in athletics, if they choose to do so, at the High School they would normally attend. 5th & 6th graders are not allowed to participate regardless of the grade they should be in.

Semesters of Participation: After a student completes the sixth grade and before the student enters the ninth grade the student may be eligible for a period not to exceed **four** semesters taken in order of attendance, whether the student participates or not.

Residence: Provided the parent(s)/legal guardian(s) reside within the boundaries of the Cincinnati Public School District, a student is eligible at a CPS school which has allowed them to enroll assuming all other eligibility standards are met. Where there has been a change of legal custody, a student must live in the same school district with their legal guardian.

School District-sponsored athletic programs available for students in Grades 7 & 8 in the 2020-21 school year include Football, Cross Country and Girls Volleyball during the Fall season, Boys & Girls Basketball during the Winter season and Baseball & Track/Field for boys & girls during the Spring season. **Note:** Students may participate on athletic teams for their school *and* also participate on other recreation teams offered outside the school district during the same season **unless specifically prohibited to do so by their League or Conference.**

Below you will find a list of schools and the athletic programs they will offer during the 2019-20 Fall and Winter seasons. Please call the main office at the school your son or daughter attends for information on when practice and/or conditioning will begin, etc. We strongly encourage your children to participate in our athletic programs.
