The Principal Pipeline Initiative
Four Key Components

• Leadership Standards that guide all pipeline activities
• Pre-service Preparation opportunities for aspiring assistant principals and principals (including recruitment and selection)
• Selective Hiring and Placement
• Evaluation and Ongoing Support
Pipelines had widespread, positive effect on student achievement

- **Outperformance** in math for elementary, middle and high school; in reading, for elementary and middle school
- Notably, effects were positive and statistically significant for **schools in the lowest quartile** of student achievement
- Pipelines **benefited all schools** in a district, not just those with pipeline principals
- **Benefits kicked in early**, even beginning in second year of implementation
Impact on Student Achievement

Principal pipelines are strategic approach to developing and supporting principals.
